**FINAL ORDER GRANTING LICENSURE WITH MONITORING**

NOW on this 11th day of October, 2013, comes before the Kansas State Board of Healing Arts (“Board”) the application of Tyler Thomas Craig, D.C. (“Applicant”) for a license to practice chiropractic in the State of Kansas. Applicant appears in person and *pro se*. Jessica Bryson, Associate Litigation Counsel, appears on behalf of the Respondent Board.

Pursuant to the authority granted to the Board by the Kansas Healing Arts Act, K.S.A. 65-2801, *et seq.* and in accordance with the provisions of the Kansas Administrative Procedure Act K.S.A. 77-501, *et seq.*, the Board hereby enters this Final Order in the above-captioned matter. After reviewing the agency record, hearing the statements and arguments of the parties, receiving exhibits into evidence, and being otherwise duly advised in the premises, the Board makes the following findings, conclusions and order:

1. On or about April 25, 2013, Applicant submitted an application to the Board for a license to practice chiropractic in the State of Kansas. Such application was complete and filed with the Board on September 3, 2013.
2. On September 3, 2013, Associate Litigation Counsel filed a Response to Application for License to Practice Chiropractic alleging there may be grounds for denial due to Applicant having been convicted of a felony **Confidential**

3. In October 2005, Applicant was arrested and charged with Cultivation of Marijuana. On December 8, 2006, in the District Court of Douglas County, Kansas, Applicant pleaded “guilty” to, and was convicted of, Cultivation of Marijuana in violation of K.S.A. 65-4163(a)(3), which is a Level 3d, Drug, Nonperson, Felony Offense.

4. On January 30, 2007, Applicant was placed on Intensive Supervised Probation for a period of eighteen (18) months. He requested Early Discharge from Probation, which was granted, and he was released from Probation on January 31, 2008.

8. At the conference hearing on his application, Applicant testified that he made an intentional change, moving away from certain negative influences when his legal problems began, and as a result, entered and completed school. The Board finds that the evidence presented reflects Applicant’s openness about past problems, a willingness to participate in monitoring, and that he has made positive changes in his life since his arrest.

9. K.S.A. 65-2836(c) requires that an application for licensure by a person who has been convicted of a felony “shall be denied unless a 2/3 majority of the board members present and voting on such application determine by clear and convincing evidence that such person will not pose a threat to the public in such person's capacity as a Applicant and that such person has been sufficiently rehabilitated to warrant the public trust.”

10. Based on the evidence presented, the Board concludes there is clear and convincing evidence that Applicant will not pose a threat to the public in his capacity as a licensed chiropractic doctor and has been sufficiently rehabilitated to warrant the public trust as long as appropriate monitoring is conducted for a reasonable period of time to ensure Applicant’s ability to practice with reasonable skill and safety to patients.

11. The Board concludes that Applicant’s safety to practice can be ensured by

12. During the conference hearing in this matter, Applicant indicated his voluntary consent to non-disciplinary impairment monitoring as a condition to being granted licensure.
