(“Licensee”), by and through his attorney Barry Grissom, of Barry Grissom Law Office, and move the Board for approval of a Consent Order affecting Licensee’s license to practice chiropractic in Kansas. The Parties stipulate and agree to the following:

1. Licensee’s last known mailing address to the Board is: [REDACTED]  
[REDACTED].
2. Licensee has been entitled to engage in the practice of chiropractic in Kansas, having been issued original license number 01-05460 on February 10, 2012. Licensee’s current license status is Active, having last renewed such license on or about December 5, 2018.
3. The Board is the sole and exclusive administrative agency in Kansas authorized to regulate the practice of the healing arts, and specifically the practice of chiropractic. K.S.A. 65-2801 *et seq.* and K.S.A. 65-2871.
4. This Consent Order and the filing of such document are in accordance with applicable law and the Board has jurisdiction to enter into the Consent Order as provided by K.S.A. 77-505 and K.S.A. 65-2838. Upon approval, these stipulations shall constitute the findings of the Board, and this Consent Order shall constitute the Board’s Final Order.

---

Consent Order  
Jay M. Goodbinder, D.C.

5. The Kansas Healing Arts Act is constitutional on its face and as applied in the case. Licensee agrees that, in considering this matter, the Board is not acting beyond its jurisdiction as provided by law.

6. Licensee voluntarily and knowingly waives his right to a hearing. Licensee voluntarily and knowingly waives his right to present a defense by oral testimony and documentary evidence, to submit rebuttal evidence, and to conduct cross-examination of witnesses. Licensee voluntarily and knowingly agrees to waive all possible substantive and procedural motions and defenses that could be raised if an administrative hearing were held.

7. The terms and conditions of the Consent Order are entered into between the undersigned parties and are submitted for the purpose of allowing these terms and conditions to become an Order of the Board. This Consent Order shall not be binding on the Board until an authorized signature is affixed at the end of this document. Licensee specifically acknowledges that counsel for the Board is not authorized to sign this Consent Order on behalf of the Board.

8. The Board has received information and investigated the same, and has reason to believe there may be grounds under K.S.A. 65-2836(b), K.S.A. 65-2836(d), K.S.A. 65-2836(f), K.S.A. 65-2836(k), K.S.A. 65-2837(b)(1), K.S.A. 65-2837(b)(4), K.S.A. 65-2837(b)(12), K.S.A. 65-2837(b)(25), K.S.A. 65-2885, and K.A.R. 100-24-1, to take action with respect to Licensee's license under the Kansas Healing Arts Act, K.S.A. 65-2801 *et seq.*

9. The facts supporting the allegations in this Consent Order are, but not limited to the following:

10. Licensee is the owner and operator of The Epigenetics Healing Center in Overland Park, Kansas located at: 4601 W. 109<sup>th</sup> St., Suite 325, Overland Park, Kansas 66211.

11. On or about January 4, 2015, Licensee placed an advertisement in the Kansas City Star for a free seminar hosted by Licensee entitled “Solutions to the Thyroid Mystery.” The advertisement included the following:

- a. At the top, in bold print, “90% of people taking thyroid hormones will fail to feel normal.....”
- b. In smaller print below, “Learn what causes 90% of thyroid problems in the US. What missing lab tests are needed to identify your problem? Why simply taking thyroid medication may not impact your condition? What really works to improve your condition, safely and healthfully!”
- c. “Presented by leading wellness expert Dr. Jay Goodbinder, PSc. D”

12. Despite using the prefix “Dr.” before his name, Licensee failed to use any words or letters to identify himself as licensed to practice chiropractic in Kansas anywhere on this advertisement.

13. [REDACTED]

14. On or about January 6, 2015, on Licensee’s website under the “Meet the Doctor” heading, Licensee was repeatedly referred to by the letters “Dr.” and term “doctor,” and the letters “PSc.D” alone followed his name in almost every instance it appeared. Licensee did not use the letters “D.C.” or any other appropriate words to identify himself as licensed to practice chiropractic in Kansas. However, the website did indicate Licensee attended Cleveland Chiropractic College and the specific web address for the “Meet the Doctor” page was <http://drgoodbinder.com/meet-the-chiropractor.html>

15. On or about January 6, 2016, under the website's "Services" heading, specialties listed included "Functional Medicine, Hyperbarics, Nutritional Counseling, and Prenatal Care" Regarding Prenatal Care, on or about December 2, 2015, the website specifically stated Licensee "can also gently adjustment [sic] pregnant women". Regarding Functional Medicine, on or about April 15, 2016, the website specifically stated Licensee "will run blood tests that will show where a client is not functioning properly and then will help the tissue or organ obtain the nutrients it needs to function properly." The specific website address for the "Services" page was <http://drgoodbinder.com/services/>

16. At some time between January 6, 2015, and March 12, 2018, Licensee's website was changed, under the "Meet the Doctor" heading, removing the letters "PSc.D" after his name and adding the letters "DC" and "DABCI" after his name.

17. On or about April 7, 2015, Licensee submitted a letter to the Board in response to the Board's investigation. In his letter, Licensee stated:

- a. "I do not use the title 'D.C.' because, [sic] I am not advertising nor promoting anything related to chiropractic care." He continues, "[i]n other words I am not acting as nor in the capacity of a licensed Healing Arts practitioner when engaged in such activities; Therefore I (and my actions) do not fall under the authority or jurisdiction of the Kansas Healing Arts Act."
- b. Licensee then explains, "I present myself and promote my services as a 'Doctor of Pastoral Science & Medicine', duly licensed by the Pastoral Medical Association, and not as a D.C. or Chiropractor." He further claims, "It is clear in all advertising and

promotions that I did not ‘represent myself [or services] as engaged in the practices of any branch of the healing arts.’ (brackets and words therein used in original).

- c. Licensee explains the Pastoral Medical Association (“PMA”) is a “Private Ecclesiastical Membership Association” which operates in the U.S. “under common and ecclesiastical law and in line with instructive opinions in an overwhelming number of Supreme Court cases.”
- d. Licensee states the PMA awarded him a “Doctorate Level License known as ‘Doctor of Pastoral Science & Medicine[.]’”
- e. Licensee claims he operates “a healthcare ministry, based upon religious freedom and in the private (not public). All persons involved, both practitioners and patients/clients are members, therefore we establish a private member to member relationship and not that of a public doctor-patient relationship.”
- f. Licensee further claims, “[w]hen a PMA licensed provider is acting or advertising under the PSc.D, and not offering or providing state licensed services, he/she is acting in the capacity of a PMA member provider and not a state licensed individual or chiropractor, therefore Chiropractic Board rules do not apply, period, and the Board has no legislative authority or legal basis to interfere with these private ecclesiastical activities.”

18. [REDACTED] regarding another advertisement for a seminar hosted by Licensee which appeared in the May 3, 2015, issue of the Kansas City Star. This advertisement included the following:

- a. In large print at the top: “Are You Suffering From Low Thyroid Symptoms, Despite Thyroid Hormone Therapy?” “Fatigue, Inability To Lose Weight, Brain Fog, Depression?”
- b. Just below: “Attend Our Free Information Packed Dinner Seminar And Discover What Is Being Missed[.]” “Presented By Dr. Jay Goodbinder, PSc.D, National Speaker, and Noted Wellness Expert[.]”
- c. In small print at the bottom: “As a licensed provider for the Pastoral Medical Association, Dr. Goodbinder serves members of the association’s free *Member Share Network*. He advocates restoring Prevention to healthcare, offering natural, non invasive programs for gaining and preserving wellness through broad *lifestyle enrichment* rather than disease management. His professional education includes doctor of chiropractic, functional endocrinology, and functional immunology. He is also president and clinical director of the Epigenetics Healing Center in Overland Park, KS.” (emphasis in original).

19. On or about March 18, 2016, the Board received a letter from Licensee’s previous attorney, David C. Gibbs III, of Gibbs Law Firm, P.A. in response to the Board’s investigation into this matter. Board investigators asked Licensee to provide explanations for the Functional Medicine, Hyperbarics, Nutritional Counseling, and Prenatal Care services advertised on Licensee’s website, as well as medical records for ten (10) patients who received care under the above listed services.

20. In addition to the requested medical records, Licensee’s attorney provided the following explanations:

- a. “Functional Medicine is the therapeutic relationship between practitioner and patient. We take an in depth history, detox, change diet, use stress reduction, freedom planning and supplement to help the body function more properly and improve quality of life.”
  - b. “Hyperbaric oxygen therapy: We use hyperbaric oxygen therapy to help the body get more oxygen and improve cognitive function and decrease inflammation.”
  - c. “Prenatal Care: We help women who are pregnant eat appropriately and become sufficient in nutrients to help feed their unborn child.”
21. The medical records provided by Licensee for ten (10) of his patients demonstrates repeated failure to meet the Board’s minimal adequacy requirements for licensees under the Kansas Healing Arts Act. The inadequacies are as follows:
- a. Across nearly every set of patient records provided, Licensee consistently failed to document the initial recommendations given to each patient during the initial evaluation visit. Following the initial evaluation, the daily notes for each patient reference how well the patient is following and/or responding to the recommendations provided by Licensee. However, there is no documentation indicating when Licensee provided the initial recommendations and describing which recommendations were given to each patient.
  - b. In many of the records provided, it appears Licensee fails to adequately reflect the treatment performed or recommended at each patient visit. For example, in one set of patient records Licensee recommends the patient schedule visits every other week for twelve (12) treatments and then once per month for the continuation of treatment. The patient’s records contain no documentation by which to verify each treatment

scheduled with the patient and/or whether the patient presented for each scheduled treatment. However, the records, as provided, fail to adequately reflect the number of treatments recommended by Licensee. Further, the records containing Licensee's recommended treatment schedule fail to describe what each regular treatment was to consist of. Similar issues are present in most sets of patient records provided by Licensee.

- c. Licensee consistently fails to properly authenticate his patient records. Each set of patient records provided by Licensee contains typed entries for each patient visit, however there is no authentication which clearly indicates the person making each entry. Further, it is unclear from the records provided whether Licensee's patient records are stored in electronic form only and whether entries may be subsequently altered.
- d. It appears Licensee's patient records fail to adequately reflect the care and services rendered to each patient at every visit. In many instances, it appears Licensee either rendered treatment or made recommendations which were not adequately described in the patient records. In at least four (4) sets of patient records, Licensee's daily visit entries, in multiple instances, either include only subjective complaints and/or improvement notes or constitute incomplete entries.

22. It appears Licensee's patient records repeatedly fail to include entries for each patient visit.

For example:

- a. In at least three (3) sets of patient records, there were between only three (3) and five (5) dated entries for patient visits in the records.

- b. In one (1) set of patient records, there was only one (1) dated entry for a patient visit in the record, despite two (2) sets of lab work dated three (3) months before and one (1) month after the date of the visit in the record.
- c. In at least three (3) instances, the patient records contained a lab order and results dated approximately three (3) weeks after the date of the final daily note for the patient, indicating the patients were likely seen after the last recorded entry in Licensee's records.

23. Generally, Licensee's records are conversational in nature and inconsistent in structure from patient to patient and visit to visit. Licensee's records are often difficult to follow, and in some instances, it is unclear how the patient is progressing and what recommendations Licensee has given at each visit.

24. [REDACTED] regarding an advertisement which appeared in the Kansas City Star on or about March 27, 2016, and an advertisement which was mailed to the complainant's home.

25. Similar to the Kansas City Star advertisements described above, the March 27, 2016 advertisement promoted a free dinner and seminar, entitled "Solutions to the Thyroid Mystery," and was "Presented by leading wellness clinic The Epigenetics Healing Center." Unlike the advertisements described above, the March 27, 2016 advertisement failed to indicate Licensee was affiliated with the advertised seminar or Epigenetics Healing Center, in any way.

26. The advertisement mailed to the complainant's home promoted a free dinner and seminar, entitled "Type-2 Diabetes An American Tragedy with Frightening Consequences." The advertisement indicated the dinner and seminar were "Presented by leading wellness clinic, The

Epigenetics Healing Center.” In small print, the advertisement described the seminar, “Learn How to Exceed the Medical ‘Standard of Care’ for Diabetes – Understand that standard drug protocols create spillover stress on your body and emotions; including long-term complications – Discover the approach used by an ever-growing number of practicing physicians that allows you to take control of your health! At the heart of it all, diabetes appears to be a disease of nutrition. This is a lifestyle program and is not designed to treat or cure disease.”

27. Licensee acknowledges that if formal hearing proceedings were conducted and Licensee presented no exhibits, witnesses, or other evidence, the Board has sufficient evidence to prove that Licensee has violated the Kansas Healing Arts Act with respect to the above allegations. Licensee further waives his right to dispute or otherwise contest the allegations contained in the above paragraphs in any further proceeding before this Board.

28. A protective order is hereby entered to protect all confidential information under 42 CFR Part II, K.S.A. 65-4915, K.S.A. 65-2898a, and K.S.A. 65-4925.

29. Licensee violated K.S.A. 65-2836(b), in that Licensee has committed acts of unprofessional or dishonorable conduct, as defined by K.S.A. 65-2837.

30. Licensee violated K.S.A. 65-2836(d), in that Licensee’s advertisements, as described above, constitute fraudulent or false advertisements, as defined by K.S.A. 65-2837(c) and K.S.A. 65-2837(d).

31. Licensee violated K.S.A. 65-2836(f), in that Licensee’s conduct constitutes willful and/or repeated violations of the Kansas Healing Arts Act and the rules and regulations adopted pursuant thereto.

32. Licensee violated K.S.A. 65-2836(k), in that Licensee has violated a lawful rule and regulation promulgated by the Board, specifically Licensee's patient records fail to meet the Board's minimum adequacy requirements established by K.A.R. 100-24-1.

33. Licensee violated K.S.A. 65-2837(b)(1), in that Licensee's conduct, as described above, constitutes the solicitation of professional patronage through the use of fraudulent or false advertisements, as defined by K.S.A. 65-2837(c) and K.S.A. 65-2837(d).

34. Licensee violated K.S.A. 65-2837(b)(4), in that Licensee repeatedly failed to use letters, words, or terms in his advertisements which indicated the branch of the healing arts for which he is licensed, and the letters, words, or terms used by Licensee in his advertisements may have indicated he was entitled to practice a branch of the healing arts for which he is not licensed.

35. Licensee violated K.S.A. 65-2837(b)(12), in that Licensee's conduct with regard to his advertising and patient recordkeeping practices, as described above, constitutes conduct likely to deceive, defraud or harm the public.

36. Licensee violated K.S.A. 65-2837(b)(25), in that, as described above, Licensee failed to keep written medical records which accurately described the services rendered to the patient, including patient histories, pertinent findings, examination results and test results.

37. Licensee violated K.S.A. 65-2885, in that, when using the letters "Dr." or term "Doctor," Licensee repeatedly failed to use the appropriate words or letters to identify Licensee with the particular branch of the healing arts in which he holds a license.

38. Under K.S.A. 65-2836, the Board may revoke, suspend, limit, censure or place under probationary conditions Licensee's license, and under K.S.A. 65-2863(a) the Board has the authority to impose administrative fines for violations of the Kansas Healing Arts Act.

39. According to K.S.A. 65-2838(b) and K.S.A. 77-505, the Board has authority to enter into this Consent Order without the necessity of proceeding to a formal hearing.

40. [REDACTED] regarding Licensee, were fully reviewed and considered by the Board members who serve on the Board's Disciplinary Panel. Disciplinary Panel No. 32 authorized and directed Board counsel to seek settlement of this matter with the provisions contained in this Consent Order.

41. Licensee further understands and agrees that if the Board finds, after due written notice and an opportunity for a hearing, that Licensee has failed to comply with any of the terms of this Consent Order, the Board may immediately impose any sanction provided for by law, including but not limited to suspension or revocation of Licensee's license to practice chiropractic in Kansas. Licensee hereby expressly understands and agrees that, at any such hearing, the sole issue shall be whether or not Licensee has failed to comply with any of the terms or conditions set forth in this Consent Order. The Board acknowledges that at any such hearing, Licensee retains the right to confront and examine all witnesses, present evidence, testify on his own behalf, contest the allegations, present oral argument, appeal to the courts, and all other rights set forth in the Kansas Administrative Procedures Act, K.S.A. 77-501 *et seq.*, and the Kansas Healing Arts Act K.S.A. 65-2801 *et seq.*

42. Nothing in this Consent Order shall be construed to deny the Board jurisdiction to investigate alleged violations of the Kansas Healing Arts Act or to investigate complaints received under the Risk Management Law, K.S.A. 65-4921 *et seq.*, that are known or unknown and are not covered under this Consent Order, or to initiate formal proceedings based upon known or unknown allegations of violations of the Kansas Healing Arts Act.

43. Licensee hereby releases the Board, its individual members (in their official and personal capacity), attorneys, employees and agents, hereinafter collectively referred to as “Releasees”, from any and all claims, including but not limited to those alleged damages, actions, liabilities, both administrative and civil, including the Kansas Judicial Review Act, K.S.A. 77-601 *et seq.* arising out of the investigation and acts leading to the execution of this Consent Order. This release shall forever discharge the Releasees of any and all claims or demands of every kind and nature that Licensee has claimed to have had at the time of this release or might have had, either known or unknown, suspected or unsuspected, and Licensee shall not commence to prosecute, cause or permit to be prosecuted, any action or proceeding of any description against the Releasees.

44. Licensee further understands and agrees that upon signature by Licensee, this document shall be deemed a public record and shall be reported to any entities authorized to receive disclosure of the Consent Order.

45. This Consent Order, when signed by both parties, constitutes the entire agreement between the parties and may only be modified or amended by a subsequent document executed in the same manner by the parties.

46. Licensee agrees that all information maintained by the Board pertaining to the nature and result of any complaint and/or investigation may be fully disclosed to and considered by the Board in conjunction with the presentation of any offer of settlement, even if Licensee is not present. Licensee further acknowledges that the Board may conduct further inquiry as it deems necessary before the complete or partial acceptance or rejection of any offer of settlement.

47. Licensee, by signature to this document, waives any objection to the participation of the Board members, including the Disciplinary Panel and General Counsel, in the consideration of this

offer of settlement and agrees not to seek the disqualification or recusal of any Board member or General Counsel in any future proceedings on the basis that the Board member or General Counsel has received investigative information from any source which otherwise may not be admissible or admitted as evidence.

48. Licensee acknowledges he has read this Consent Order and fully understands the contents.

49. Licensee acknowledges this Consent Order has been entered into freely and voluntarily.

50. Licensee shall obey all federal, state and local laws and rules governing the practice of chiropractic in Kansas that may be in place at the time of execution of the Consent Order or may become effective subsequent to the execution of this document.

51. Upon execution of this Consent Order by affixing a Board authorized signature below, the provisions of this Consent Order shall become an Order under K.S.A. 65-2838. This Consent Order shall constitute the Board's Order when filed with the office of the Executive Director for the Board and no further Order is required.
