After reviewing the file, hearing the statements and arguments of Ms. Snead, hearing the testimony of the Applicant and being otherwise duly advised in the premises, the Board makes the following findings, conclusions and order:

1. On or about April 7, 2010, Applicant submitted an application for a license by endorsement to practice medicine and surgery in the State of Kansas to the Board. Such application was deemed complete and filed with the Board on or about January 25, 2012.
2. Applicant graduated from the University of Ibadan, College of Medicine in Ibadan, Oyo State, Nigeria.

3. As set forth in Respondent's Response to Application for Licensure by Endorsement, Applicant has over eighteen (18) years of residency and fellowship experience, though none of it is accredited by the Accreditation Council for Graduate Medical Education (ACGME).

4. Applicant presently holds an active license to practice medicine and surgery in the State of Missouri, having been issued License No. 2007033467 on October 24, 2007. Applicant's Missouri license has no disciplinary action or other derogatory information.

5. Applicant has been practicing as a pediatric neurosurgeon in Missouri since March of 2010.

6. K.S.A. 65-2833 states

The board, without examination, may issue a license to a person who has been in the active practice of a branch of the healing arts in some other state, territory, the District of Columbia or other country upon certificate of the proper licensing authority of that state, territory, District of Columbia or other country certifying that the applicant is duly licensed, that the applicant's license has never been limited, suspended or revoked, that the licensee has never been censured or had other disciplinary action taken and that, so far as the records of such authority are concerned, the applicant is entitled to its endorsement. The applicant shall also present proof satisfactory to the board:

(a) That the state, territory, District of Columbia or country in which the applicant last practiced has and maintains standards at least equal to those maintained by Kansas.

(b) That the applicant's original license was based upon an examination at least equal in quality to the examination required in this state and that the passing grade required to obtain such original license was comparable to that required in this state.

(c) Of the date of the applicant's original and any and all endorsed licenses and the date and place from which any license was attained.

(d) That the applicant has been actively engaged in practice under such license or licenses since issued, and if not, fix the time when and reason why the applicant was out of practice.

(e) That the applicant has a reasonable ability to communicate in English.

An applicant for endorsement registration shall not be licensed unless the applicant's individual qualifications meet the Kansas legal requirements.

In lieu of any other requirement prescribed by law for satisfactory passage of any examination in any branch of the healing arts the board may accept evidence satisfactory to it that the applicant or licensee has satisfactorily passed an equivalent examination given by a national board of examiners in chiropractic, osteopathic medicine and surgery or medicine and surgery as now required by Kansas statutes for endorsement from other states.

7. The Board finds that Applicant has demonstrated satisfactory fulfillment of K.S.A. 65-2833 to be granted a license by endorsement to practice medicine and surgery in the State of Kansas.

IT IS THEREFORE ORDERED, BY THE KANSAS STATE BOARD OF HEALING ARTS that Applicant is hereby granted a license to practice medicine and surgery in the State of Kansas.

IT IS SO ORDERED THIS 21 DAY OF MARCH, 2012, IN THE CITY OF TOPEKA, COUNTY OF SHAWNEE, STATE OF KANSAS.
