Licensee acknowledged that on January 28, 1993, Licensee had voluntarily suspended his practice of medicine and surgery and had placed his license on an inactive status.

3. Licensee failed to renew his license for the period of July 1, 1993 through June 30, 1994, and, therefore, his license to practice medicine and surgery in the State of Kansas was cancelled on August 23, 1993.

4. On April 4, 1995, Licensee filed an Application for Reinstatement of his license together with an application that such license, if reinstated, be placed on exempt status.

5. On April 29, 1995, Licensee's Application for Reinstatement was granted and Licensee's license to practice medicine and surgery in the State of Kansas was reinstated on an exempt status. The Stipulation and Agreement and Enforcement Order filed March 2, 1993 was terminated. Licensee was ordered that should he desire to convert his license to active status, Licensee shall be required to comply with all requirements of the Board and the Board may consider all previous investigative information and formal proceedings in determining Licensee's present competency in determining if the status of his license should be converted to active.

6. On January 29, 1996, Licensee submitted an application for exempt to active status.
