**AMENDED SUMMARY ORDER**

NOW ON THIS 14<sup>th</sup> day of August, 2019, this matter comes before Kathleen Selzler Lippert, Executive Director, Kansas State Board of Healing Arts ("Board"), in summary proceedings pursuant to K.S.A 77-537.

Pursuant to K.S.A 77-537 and K.S.A. 77-542, this Summary Order shall become effective as a Final Order, without further notice, if no written request for a hearing is made within fifteen (15) days of service. Upon review of the agency record and being duly advised in the premises, the following findings of fact, conclusions of law, and order are made for and on behalf of the Board:

**Findings of Fact**

1. Craig I. Schwartz, D.O. ("Licensee") was originally issued license number 05-30131 to practice osteopathic medicine in Kansas on or about April 26, 2003. Licensee last renewed his license to practice osteopathic medicine on or about September 25, 2018. Licensee's current license designation is Active.

2. Licensee's last known mailing address to the Board is: **CONFIDENTIAL**  
**CONFIDENTIAL**

3. During all times relevant to the facts set forth in this Summary Order, Licensee held an Active license to practice osteopathic medicine in Kansas.

4. At all times relevant hereto, Licensee was the owner of Premier Vein & Body by Schwartz ("Premier Vein & Body"), located in Leawood, Kansas.

5. On or about March 12, 2019, the Board received **CONFIDENTIAL** **CONFIDENTIAL** , alleging unprofessional conduct, including, in part, that Licensee improperly maintained and disposed biohazardous waste.

6. On or about April 12, 2019, following receipt of the complaint, Board **CONFIDENTIAL** **CONFIDENTIAL** sent a letter to Licensee requesting a response to the allegations in the complaint, including requesting copies of all contractual agreements for the disposal of biohazardous medical waste dating back to 2014.

7. On or about May 24, 2019, Licensee responded to the Board's request for a response to the allegations in a letter submitted by Licensee's attorney, but Licensee did not respond to the allegation of improper waste disposal. Licensee's attorney provided a copy of K.A.R. 100-25-2, entitled "Office Sanitation and Safety Requirements," which outlined the separation of biohazardous waste from general waste, specifying biohazardous waste must be placed in secured and identified containers and stored out of reach of children.

8. On or about May 28, 2019, **CONFIDENTIAL** asked a second time for copies of all contractual agreements for the disposal of biohazardous medical waste, this time dating back to 2011.

9. On or about May 31, 2019, Licensee's attorney provided a supplemental response to **CONFIDENTIAL** inquiry. The supplemental response stated Licensee does not have a written contract for medical waste disposal and indicated the waste gets incinerated in an industrial incinerator.

10. On or about May 31, 2019, **CONFIDENTIAL** asked for information via email regarding whether the industrial incinerator was at an off-site location.

11. On or about June 7, 2019, **CONFIDENTIAL** sent a follow-up request regarding the May 31, 2019 email, as Licensee's attorney did not respond.

12. On or about June 7, 2019, Licensee's attorney responded on behalf of Licensee and stated, "I hesitate to disclose the company because board contact with the company will likely lead to suspicion and may very well damage the relationship [Licensee] has with that company." He also indicated the company was owned by a relative of Licensee and indicated he did not believe there was a compelling need for this information.

13. On or about June 10, 2019, Disciplinary Counsel Reese Hays sent an email to Licensee's attorney reminding him Licensee could be disciplined for failing to provide information requested by the Board **CONFIDENTIAL** and gave him a deadline for providing the information as close of business on June 12, 2019. The email further stated a failure to respond to the deadline would be taken as refusal to provide the information.

14. To date, Licensee has not responded and has not provided the requested information.

#### Applicable Law

15. Under K.S.A. 65-2836, a license may be revoked, suspended or limited, or the licensee may be publicly censured or placed under probationary conditions, upon a finding of the existence of any of the following grounds:

- (r) The Licensee has failed to furnish the board, or its investigators or representatives, any information legally requested by the board.

Conclusions of Law

16. The Board has jurisdiction over Licensee as well as the subject matter of this proceeding, and such proceeding is held in the public interest.

17. The Board finds that Licensee violated K.S.A. 65-2836(r), in that Licensee has failed and/or refused to respond to the request for information regarding the contact information of the owner of industrial incinerator used to dispose of bodily waste.

18. Based on the facts and circumstances set forth herein, it appears that the use of summary proceedings in this matter is appropriate, in accordance with the provisions set forth in K.S.A. 77-537(a), in that the use of summary proceedings does not violate any provision of law and the protection of the public interest does not require the Board to give notice and opportunity to participate to persons other than Licensee, Craig I. Schwartz, D.O.

**IT IS, THEREFORE, ORDERED** that Licensee's license to practice osteopathic medicine in Kansas is **INDEFINITELY SUSPENDED** for violating the Kansas Healing Art Act. Licensee's license shall be Indefinitely Suspended until such time as he provides the legally requested information pursuant to the requests regarding
