Consent Order
Mary C. Takaishi, P.A.

and 65-28a12. Upon approval, these stipulations shall constitute the findings of the Board, and this Consent Order shall constitute the Board's Final Order.

5. The Kansas Physician Assistant Licensure Act is constitutional on its face and as applied in the case. Licensee agrees that, in considering this matter, the Board is not acting beyond its jurisdiction as provided by law.
6. Licensee voluntarily and knowingly waives her right to a hearing. Licensee voluntarily and knowingly waives her right to present a defense by oral testimony and documentary evidence, to submit rebuttal evidence, and to conduct cross-examination of witnesses. Licensee voluntarily and knowingly agrees to waive all substantive and procedural motions and defenses that could be raised if an administrative hearing were held.
7. The terms and conditions of the Consent Order are entered into between the undersigned parties and are submitted for the purpose of allowing these terms and conditions to become an Order of the Board. This Consent Order shall not be binding on the Board until an authorized signature is affixed at the end of this document. Licensee specifically acknowledges that counsel for the Board is not authorized to sign this Consent Order on behalf of the Board.
8. The Board has received information and investigated the same, and has reason to believe that there may be grounds pursuant to K.S.A. 65-28a05, to take action with respect to Licensee's license under the Kansas Physician Assistant Licensure Act, K.S.A. 65-28a01, *et seq.*
9. This Consent Order incorporates herein by reference the facts and allegations as stated in the Petition that was filed on January 24, 2014. Exhibit 1, Petition in the Matter of Mary C. Takaishi, P.A. 14-HA00098.

10. Licensee acknowledges that, if formal hearing proceedings were conducted and Licensee presented no exhibits, witnesses, or other evidence, the Board has sufficient evidence to prove that Licensee violated the Kansas Physician Assistant Licensure Act with respect to the allegations contained in the Petition. Licensee further waives her right to dispute or otherwise contest these allegations in any future proceeding before this Board.

11. Licensee acknowledges that the Board has sufficient evidence to prove that Licensee has violated the Kansas Physician Assistant Licensure Act with respect to the incorporated facts and allegations as follows:

- a. Licensee violated K.S.A. 65-28a05(a), as further defined in K.A.R. 100-28a-8(e), in that Licensee's conduct constitutes unprofessional conduct by willfully and repeatedly violating the physician assistant licensure act, the pharmacy act of Kansas and the uniform controlled substances act or any regulations adopted pursuant to these acts.
- b. Licensee violated K.S.A. 65-28a05(a), as further defined in K.A.R. 100/28a-8(i), in that Licensee's conduct constitutes unprofessional conduct by prescribing a controlled substance for other than a medically accepted and lawful purpose.
- c. Licensee violated K.S.A. 65-28a05(a), as further defined in K.A.R. 100-28a-8(j), in that Licensee's conduct constitutes unprofessional conduct by prescribing, a prescription drug or substance, including a controlled substance, in an excessive, improper, or inappropriate manner or quantity, and not in the course of Licensee's professional practice.

- d. Licensee violated K.S.A. 65-28a05(a), as further defined in K.A.R. 100-28a-8(u), in that Licensee's conduct constitutes unprofessional conduct by failing to keep written medical records that accurately described services rendered as alleged in the Petition.
- e. Licensee violated K.S.A. 65-28a05(c), as further defined in K.A.R. 100-28a-7(a), in that Licensee's conduct constitutes professional incompetency by one or more instances involving failure to adhere to the applicable standard of care to a degree that constitutes gross negligence, as determined by the board;
- f. Licensee violated K.S.A. 65-28a05(c), as further defined in K.A.R. 100-28a-7(c), in that Licensee's conduct constitutes professional incompetency by a pattern of practice or other behavior that demonstrates a manifest incapacity and incompetence to perform professional services as a physician assistant as alleged in the Petition.
- g. Licensee violated K.S.A. 65-28a05(f), in that Licensee violated 100-28a-13, a regulation of the board when Licensee inappropriately prescribed prescription-only drugs as stated in the Petition; and
- h. Licensee violated K.S.A. 65-28a05(g) in that Licensee exceeded and acted outside the scope of authority given to her by her responsible physician when providing care and treatment as alleged in the Petition.

12. Pursuant to K.S.A. 65-28a05, the Board has grounds to revoke, suspend, limit and/or censure Licensee's license for violations of the Kansas Physician Assistant Licensure Act.

13. All pending investigation materials in KSBHA Investigation number 11-00299 regarding Licensee were fully reviewed and considered by the Board members who serve on the Board's Disciplinary Panel No. 27 and/or their appointed member for this matter.

Disciplinary Panel No. 27 authorized and directed Board counsel, through their appointed member for this matter, to seek settlement of this matter with the provisions contained in this Consent Order.

14. Licensee further understands and agrees that if the Board finds, after written notice and an opportunity for a hearing, that Licensee has failed to comply with any of the terms of this Consent Order, the Board may immediately impose any sanction provided for by law, including but not limited to suspension or revocation of Licensee's license to practice as a physician assistant in the State of Kansas. Licensee hereby expressly understands and agrees that, at any such hearing, the sole issue shall be whether or not Licensee has failed to comply with any of the terms or conditions set forth in this Consent Order. The Board acknowledges that at any such hearing, Licensee retains the right to confront and examine all witnesses, present evidence, testify on her own behalf, contest the allegations, present oral argument, appeal to the courts, and all other rights set forth in the Kansas Administrative Procedure Act, K.S.A. 77-501, *et seq.*, and the Kansas Physician Assistant Licensure Act, K.S.A. 65-28a01, *et seq.*

15. Nothing in this Consent Order shall be construed to deny the Board jurisdiction to investigate alleged violations of the Kansas Physician Assistant Licensure Act, or to investigate complaints received under the Risk Management Law, K.S.A. 65-4921, *et seq.*, that are known or unknown and are not covered under this Consent Order, or to initiate formal proceedings based upon known or unknown allegations of violations of the Kansas Physician Assistant Licensure Act.

16. Licensee hereby releases the Board, its individual members (in their official and personal capacity), attorneys, employees and agents, hereinafter collectively referred to as "Releasees", from any and all claims, including but not limited to those alleged damages, actions, liabilities, both administrative and civil, including the Kansas Judicial Review Act, K.S.A. 77-601, *et seq.* arising out of the investigation and acts leading to the execution of this Consent Order. This release shall forever discharge the Releasees of any and all claims or demands of every kind and nature that Licensee has claimed to have had at the time of this release or might have had, either known or unknown, suspected or unsuspected, and Licensee shall not commence to prosecute, cause or permit to be prosecuted, any action or proceeding of any description against the Releasees.
17. Licensee further understands and agrees that upon signature by Licensee, this document shall be deemed a public record and shall be reported to any entities authorized to receive disclosure of the Consent Order.
18. This Consent Order, when signed by both parties, constitutes the entire agreement between the parties and may only be modified or amended by a subsequent document executed in the same manner by the parties.
19. Licensee agrees that all information maintained by the Board pertaining to the nature and result of any complaint and/or investigation may be fully disclosed to and considered by the Board in conjunction with the presentation of any offer of settlement, even if Licensee is not present. Licensee further acknowledges that the Board may conduct further inquiry as it deems necessary before the complete or partial acceptance or rejection of any offer of settlement.

20. Licensee, by signature to this document, waives any objection to the participation of the Board members, including the Disciplinary Panel and General Counsel, in the consideration of this offer of settlement and agrees not to seek the disqualification or recusal of any Board member or General Counsel in any future proceedings on the basis that the Board member or General Counsel has received investigative information from any source which otherwise may not be admissible or admitted as evidence.
21. Licensee acknowledges that she has read this Consent Order, has had an opportunity to seek legal advice from a Kansas-licensed attorney, and fully understands the contents of this Consent Order.
22. Licensee acknowledges that this Consent Order has been entered into freely and voluntarily.
23. All correspondence or communication between Licensee and the Board relating to the Consent Order shall be by certified mail addressed to the following:
- Kansas State Board of Healing Arts
Attn: Compliance Coordinator
800 SW Jackson, Lower Level-Suite A
Topeka, Kansas 66612
24. Licensee shall obey all federal, state and local laws and rules governing the practice of a physician assistant in the State of Kansas that may be in place at the time of execution of the Consent Order or may become effective subsequent to the execution of this document.
25. Upon execution of this Consent Order by affixing a Board authorized signature below, the provisions of this Consent Order shall become a Final Order under K.S.A. 77-505. This Consent Order shall constitute the Board's Order when filed with the office of the Executive Director for the Board and no further Order is required.

26. Licensee shall immediately notify the Board or its designee of any citation, arrest or charge filed against her or of any conviction for any traffic or criminal offense.
27. Licensee shall immediately notify the Board or its designee of any complaint filed, or investigation opened, by the proper licensing authority of another state, territory, District of Columbia, or other country, or by a peer review body, a health care facility, a professional association or society, or by a governmental agency.
28. Licensee shall at all times keep Board staff informed of all her current practice locations, addresses and telephone numbers. Licensee shall provide the above information in writing to the Board within ten (10) days of any such change.
29. This Consent Order constitutes **public disciplinary action**.
30. The Board may consider all aspects of this Consent Order in any future matter regarding Licensee.
31. In lieu of conducting a formal proceeding, Licensee, by signature affixed to this Consent Order, hereby voluntarily agrees to the following public disciplinary action against her license to engage in the practice of a physician assistant:

SUSPENSION

32. Licensee's license to practice as a physician assistant in the State of Kansas shall be suspended for a period no less than two (2) years. Such suspension will be effective upon approval of this Consent Order with the Board.
33. Licensee may request a stay of the suspension or termination of the suspension as follows:
 - a. A request to stay any portion of the suspension period may not be made until Licensee serves at least six (6) months of the suspension. If a stay of any portion

of the suspension is granted, Licensee must then successfully complete no less than two (2) years of probation pursuant to the conditions outlined below. Licensee may file her application to stay any portion of the suspension and for reinstatement with the Board prior to serving six (6) months' suspension, but Licensee shall serve at least six (6) months' suspension prior to the stay of any remaining portion of the suspension period. OR

- b. A request of termination of the suspension may only be requested after serving at least two (2) years' suspension. If granted, Licensee must then successfully complete no less than two (2) years of probation pursuant to the conditions outlined below;

- 34. Licensee agrees that the burden of proof by clear and convincing evidence shall be on Licensee to show sufficient rehabilitation to justify lifting the suspension or a stay of the suspension of her license to practice as a physician assistant. Further, Licensee's request will be governed by *Vakas v. The Kansas Board of Healing Arts*, 248 Kan. 589 (Kan. 1991) and all applicable statutes, law, rules and regulations regarding qualifications for licensure and reinstatement. If the Board determines Licensee's suspension of her license to practice as a physician assistant should not be lifted, Licensee shall not be eligible to reapply for lifting, or a stay, of the suspension for six (6) months from the effective date of the denial of all or part of any such request.
- 35. Upon receiving a written request to either stay the suspension of her license, terminate the suspension of her license, or terminate the probation of her license, Assigned Board Counsel for the Board will be given an opportunity to present Licensee's submission to the

appointed Disciplinary Panel and/or its appointed member for this matter for attorney-client consultation. Additionally, Board Counsel shall be given an opportunity to provide a written response to Licensee's request. Board Counsel shall be given thirty (30) calendar days from the time of Licensee's filing of her request to file a written response.

36. All proceedings conducted on a request to either stay the suspension of her license, terminate the suspension of her license, or terminate the probation of her license shall be in accordance with the provisions of the Kansas Administrative Procedure Act, K.S.A. 77-501, *et. seq.* and shall be reviewable in accordance with the Kansas Judicial Review Act, K.S.A. 77-601, *et. seq.*

PROBATION: PRESCRIBING LIMITATION

37. Licensee is prohibited from ordering, prescribing, dispensing, distributing and/or administering narcotics for a period of no less than two (2) years, effective upon the lifting or stay of her suspension to practice as a physician assistant in the State of Kansas.
38. The only exception to the prohibition defined in Paragraph 37 is as follows: Licensee may prescribe/order intramuscular and/or intravenous narcotics while performing duties in an Emergency Department setting; however, at the time of such prescription/order Licensee must have her Supervising Physician contemporaneously co-sign each prescription/order. For each responsible Supervising Physician, Licensee shall have a current Physician Assistant's Responsible Physician and Drug Prescription Protocol on file with the Board. Each responsible Supervising Physician must be pre-approved by the Board. The Board designates the Disciplinary Panel's Appointed Member to approve or disapprove of Licensee's Supervising Physician. To be approved as a responsible Supervising Physician,

the Kansas licensee must have no pending Board complaints, investigations, and/or disciplinary matters, unless otherwise authorized by the Board and/or the designated Disciplinary Panel Appointed Member.

- a. For each prescription for intramuscular and/or intravenous narcotics prescribed/ordered, Licensee shall document the prescription in a separate Weekly Medication Log. This log must be created contemporaneously with the co-signature and shall be on a form provided by Board staff to Licensee. This log shall serve as a reference to determine all patients who were prescribed narcotics each month. This Weekly Medication Log shall be submitted to the Board along with a copy of each prescription/order for intramuscular or intravenous narcotics on a monthly basis.
- b. At the end of each month, Licensee shall be responsible for ensuring the Supervising Physician reviews the Weekly Medication Log for which Licensee prescribed/ordered prescriptions for all narcotics during that week. Licensee shall also be responsible for ensuring the Supervising Physician then submits the Monthly Report and the Weekly Medication Logs to the Board which are due on or before the 15th day of each month. The report shall be on a form provided by Board staff and shall include the number of intramuscular and intravenous narcotic medications prescribed/ordered, a brief summary of Licensee's prescribing activity for intramuscular and intravenous narcotics, and an opinion as to whether Licensee is prescribing intramuscular and intravenous narcotics within the standard of care.

c. Licensee shall be responsible for ensuring the Supervising Physician continues to send the Monthly Report and the Weekly Medication Logs until he/she receives written notification from the Board's Compliance Coordinator that the probation requirement has been terminated.

39. Licensee may request the Board terminate this term of probation from ordering, prescribing, dispensing, distributing and/or administering narcotics after the expiration of two (2) years from the lifting or stay of her suspension to practice as a physician assistant in the State of Kansas. It shall be Licensee's burden to prove, by clear and convincing evidence, that she has been sufficiently rehabilitated to warrant the public's trust and that she will not pose a danger to the public in her capacity as a physician assistant to justify termination of probation of her prescribing privileges. If the Board determines Licensee's narcotic prescribing privileges should not be reinstated, Licensee shall not be eligible to request termination of probation of the prescribing limitation for six (6) months from the effective date of the denial of all or part of any such request.

40. Licensee agrees that the Board may, at its discretion through the monitoring of this provision, request KTRACS reports to ensure Licensee's compliance with the above probation provision.

41. Licensee agrees to immediately surrender her license if she fails to comply with this aforementioned limitation of ordering, prescribing, dispensing distributing and/or administering of narcotic medication.

42. Such request for termination of her prescribing limitation as described in this section entitled "Probation: Prescribing Limitation" shall be made in writing and addressed to:

Kansas State Board of Healing Arts
800 SW Jackson, Lower Level-Ste. A
Topeka, Kansas 66612

PROBATION: MONITORING AND PHYSICIAN'S CO-SIGNATURE

REQUIRED LIMITATION

43. Licensee agrees that upon reinstatement of her narcotic prescribing privileges, Licensee shall obtain her Supervising Physician's signature per her Physician Assistant's Responsible Physician and Drug Prescription Protocol filed with the Board, or other Board approved Kansas-licensed physician's signature, as a co-signature contemporaneously on each prescription Licensee writes/orders to ensure proper oversight of Licensee's determination to order, prescribe, dispense, distribute and/or administer narcotics.
- a. Licensee further agrees to the monitoring of 100% of her prescribing practices for narcotics by her Supervising Physician or other Board approved Kansas-licensed physician for a period of no less than two (2) years. The Supervising Physician must be pre-approved by the Board. The Board designates the Disciplinary Panel's Appointed Member to approve or disapprove of Licensee's monitor. Such monitoring shall be conducted at Licensee's own expense.
 - b. Should Licensee need to change her Supervising Physician, then she must submit a new Physician Assistant's Responsible Physician and Drug Prescription Protocol form and Curriculum Vitae (CV) of the new Supervising Physician to the Board for approval by the Board or by an appointed member of Disciplinary Panel No. 27 prior to being monitored by the new Supervising Physician. Any proposed subsequent Supervising Physicians shall meet or exceed the aforementioned

requirements of the Supervising Physician. Licensee shall not practice or prescribe as a physician assistant until a new Supervising Physician has been approved. The parties will engage in good faith efforts to approve the new proposed Supervising Physician as quickly as possible.

- c. On or before the effective reinstatement date of Licensee's narcotic prescribing privileges, she shall submit the CV of a Supervising Physician for approval by the Board and/or Appointed Disciplinary Panel Member.
- d. For each prescription for narcotics written, ordered, or authorized, Licensee shall document the prescription in a separate log. The log must be created contemporaneously with the co-signature and shall be on a form provided by Board staff to Licensee. This log shall serve as a reference to determine all patients who were prescribed narcotics each month.
- e. At the end of each quarter, Licensee shall ensure the Supervising Physician reviews the Weekly Medication Log for which Licensee wrote or authorized prescriptions for all narcotics during that quarter. Licensee shall also ensure the monitor then submits the Quarterly Report and each of the Weekly Medication Logs to the Board which are due on or before the following dates: July 15; October 15; January 15; and April 15. The report shall be on a form provided by Board staff and shall include the number of narcotic prescriptions, a brief summary of Licensee's prescribing activity for narcotics, and an opinion as to whether Licensee is prescribing narcotics within the standard of care.

44. During this monitoring and physician co-signature limitation:

- a. Licensee shall not order, prescribe, dispense, distribute and/or administer the narcotics to any employee, family member, significant other, or any person with whom Licensee has a personal relationship.
 - b. Further, Licensee shall not order, prescribe, dispense, distribute and/or administer the narcotics to any friend without an appropriate physician assistant/patient relationship.
45. Licensee agrees that the Board, or a Board's designee, may at its discretion throughout the monitoring of this provision, request random patient charts for review to ensure Licensee's compliance with the above provision.
46. Licensee agrees that the Board may, at its discretion throughout the monitoring of this provision, request KTRACS reports to ensure Licensee's compliance with the above provision.
47. Licensee agrees to immediately surrender her license if she fails to comply with this aforementioned limitation in any manner.
48. All proceedings conducted on this limitation shall be in accordance with the provisions of the Kansas Administrative Procedure Act and shall be reviewable in accordance with the Kansas Judicial Review Act.
49. Licensee may request the termination of this section entitled "Probation: Monitoring and Physician's Co-Signature Required Limitation" upon the successful completion two (2) years' probation outlined in this section. It shall be Licensee's burden to prove, by clear and convincing evidence, that she has been sufficiently rehabilitated to warrant the public's trust and that she will not pose a danger to the public in her capacity as a physician assistant

to justify termination of probation of her monitoring and physician co-signature limitation. If the Board determines Licensee's monitoring and physician co-signature limitation should not be lifted, Licensee shall not be eligible to request the modification of such requirement for six (6) months from the effective date of the denial of all or part of any such request.
