

AGENDA

**Meeting of the
Ultrasound & Laser Fat Reduction Subcommittee of the
Kansas State Board of Healing Arts
Thursday, October 31, 2013 at 3:00 PM**

- 1. Roll call.**
- 2. Discussion of the efficacy and risks of the devices currently being marketed for fat reduction that are covered by Board Policy 13-01.**
 - a. Board staff summary of FDA approval for devices.**
 - b. Committee request for stakeholder input (device manufacturers, practitioners using devices for fat reduction, professional associations and other interested parties).**
- 3. Further committee discussion on whether the use of ultrasound or laser for fat reduction constitutes the practice of surgery.**
- 4. Identify additional information still needed to consider the issues raised regarding Policy 13-01.**
- 5. Committee recommendation (if committee has enough information) to full Board.**
- 6. Adjournment.**
