Report and Updates on Agency – Budget has been approved by Department of Budget and is moving through legislative process. Budget approved with cautionary language regarding spending Agency funds on investigations concerning off-label prescribing.

Legislative Update

Acting Executive Director Gile gives update on SB 381 (now S Sub HB 2280) which includes language regarding off-label prescribing for COVID. Passage would require the agency to review prior disciplinary actions retroactive to March 12, 2020 and reconsider them. The Senate Public Health and Welfare Committee is working on the bill. The agency provided handouts for legislators and media with general information to counter recent misinformation, to include information on case processing, off-label prescribing, and agency overview. To date, 94.3% of investigations are not related to COVID. General Counsel Cyzman gives general information on off-label prescribing and standard of care. Acting ED Gile reviews HB 2477 which was passed concerning out-of-state waivers for COVID related services. Providers must notify the agency within 7 days of initiating practice in Kansas that they are practicing in the state under this waiver. The bill clarifies that those practicing in the state performing COVID related services fall under KSBHA jurisdiction and removed the fee waiver for renewals.
