A. PA regulation amendments and pending legislation: Ms.
Stevens provided a handout on the proposed changes. She stated that there were
2 meetings last week with Board staff, Board members and the PA Association
representatives. The proposed changes were reviewed. Discussions focused on
the following areas: 1) For supervision, it was determined to use the terms
“customary practice” and “within their competency” instead of the term
“specialty”. 2) It was agreed that the change for the review of files include 30
days of practice not just 30 days. 3) It was agreed to remove the need to include
the terms “by written agreement” or “per protocol” on RXs signed by PAs. 4) On
the different practice locations section there was a discussion on defining the
terms “primary practice location” and “periodically”. It was determined to leave
the current wording. 5) The limitation on the number of PA supervised has been
removed except for a limitation of 3 PAs at different practice locations. It was
agreed that the changes in the written agreement will control any potential issues
with the remove of the limitations. Ms. Steven said she will make the changes
discussed today and will take the information to the August 14, 2015 Board
meeting. Motion to recommend the revision to the Board (Dinsel- Wedel),
