## Section I

Brief description of the proposed rule(s) and regulation(s).

The purpose of these regulations is to effectuate the provisions of the Independent Practice of Midwifery Act, K.S.A. 65-28b01, *et seq.*

## Section II

Statement by the agency if the rule(s) and regulation(s) exceed the requirements of applicable federal law, and a statement if the approach chosen to address the policy issue(s) is different from that utilized by agencies of contiguous states or the federal government. *(If the approach is different or exceeds federal law, then include a statement of why the proposed Kansas rule and regulation is different.)*

The proposed regulations are not mandated by federal law and the approach chosen to address the policy issues is not different from that utilized by agencies of contiguous states or the federal government.

## Section III

Agency analysis specifically addressing the following:

- A. The extent to which the rule(s) and regulation(s) will enhance or restrict business activities and growth;

While a qualified economist would be required to provide an expert opinion of the regulations impact on economic activity and growth, in the lay opinion of agency staff, the regulations enhance business activities by allowing an independent practice alternative for midwives in Kansas.

- B. The economic effect, including a detailed quantification of implementation and compliance costs, on the specific businesses, sectors, public utility ratepayers, individuals, and local governments that would be affected by the proposed rule(s) and regulation(s) and on the state economy as a whole;

The agency is not aware of implementation and compliance costs to public utility ratepayers or local governments. While a qualified economist would be required to provide an opinion of the regulation's impact on the state economy as a whole, in the lay opinion of agency staff, the regulations enhance business activity by allowing an independent practice alternative for midwives in Kansas.

- C. Businesses that would be directly affected by the proposed rule(s) and regulation(s);

Businesses and solo practitioners that include the services of a licensed independent certified nurse midwife.

- D. Benefits of the proposed rule(s) and regulation(s) compared to the costs;

The benefit of the regulations is that they implement the Act that allows an independent practice alternative for midwives in Kansas and provide another option for Kansas patients seeking care and treatment related to a normal and uncomplicated pregnancy and delivery. There is no expected cost

DOB APPROVAL STAMP (If Required)

associated with the regulations other than the usual resource costs associated with the process of promulgating this regulation.

- E. Measures taken by the agency to minimize the cost and impact of the proposed rule(s) and regulation(s) on business and economic development within the State of Kansas, local government, and individuals;

There is no expected cost associated with the regulations other than the usual resource costs associated with the process of promulgating this regulation.

- F. An estimate of the total annual implementation and compliance costs that are reasonably expected to be incurred by or passed along to businesses, local governments, or members of the public.

*Note: Do not account for any actual or estimated cost savings that may be realized.*

Costs to Affected Businesses – \$0

Costs to Local Governmental Units – \$0

Costs to Members of the Public – \$0

**Total Annual Costs – \$0**

(sum of above amounts)

Give a detailed statement of the data and methodology used in estimating the above cost estimate.

This estimate is based on lay opinion and rationale as described above.

- Yes      If the total implementation and compliance costs exceed \$1.0 million over any two-year period through June 30, 2024, or exceed \$3.0 million over any two-year period on or after July 1, 2024, and prior to the submission or resubmission of the proposed rule(s) and regulation(s), did the agency hold a public hearing to find that the estimated costs have been accurately determined and are necessary for achieving legislative intent? If applicable, document when the public hearing was held, those in attendance, and any pertinent information from the hearing.
- No
- Not Applicable

If applicable, click here to enter public hearing information.

Provide an estimate to any changes in aggregate state revenues and expenditures for the implementation of the proposed rule(s) and regulation(s), for both the current fiscal year and next fiscal year.

\$0

Provide an estimate of any immediate or long-range economic impact of the proposed rule(s) and regulation(s) on any individual(s), small employers, and the general public. If no dollar estimate can be given for any individual(s), small employers, and the general public, give specific reasons why no estimate is possible.

DOB APPROVAL STAMP (If Required)

The agency is not aware of annual implementation cost to these regulations. No annual implementation costs to these regulations. This estimate is based on lay opinion and rationale as described above.

- G. If the proposed rule(s) and regulation(s) increases or decreases revenues of cities, counties or school districts, or imposes functions or responsibilities on cities, counties or school districts that will increase expenditures or fiscal liability, describe how the state agency consulted with the League of Kansas Municipalities, Kansas Association of Counties, and/or the Kansas Association of School Boards.

Although the agency does not employ an economist, the agency does not believe these regulations will meaningfully impact the revenue of cities or school districts.

- H. Describe how the agency consulted and solicited information from businesses, associations, local governments, state agencies, or institutions and members of the public that may be affected by the proposed rule(s) and regulation(s).

These regulations have been discussed in an open Board meeting of which members of the public, business, and stakeholders could attend. The agency has also had extensive discussions with members of the Independent Practice of Midwifery Advisory council, which is made up of 7 members including four members who are licensed certified nurse-midwives appointed by the Board of nursing, and the Kansas Board of Nursing with regard to these regulations. Further it should be noted that the Board of Healing Arts is comprised of medical practitioners, business owners, and members of the public. The Board of Healing Arts intends to comply with all public hearing requirements involved in the regulation promulgation process.
